

I hear that the FCC has introduced a new broadcast service known as Low Power FM (LPFM). While these LPFM stations have been in existence for several years, the FCC is now proposing to expand this service in a way that would allow these new LPFM stations to take priority over current FM translator service.

Our family regularly listens to radio stations like K-Love. Removing a program like K-love would have a negative effect on our community and our family. Please reconsider your choices and consider the effects on the thousands of listeners!
